

Name Institution : Stichting Sytske Foundation

RSIN (fiscal nummer) : 858416980

Chamber of Commerce : 70674485

Post and visiting address : Langeweg 2D, 1261 EL Blaricum, Netherlands

Objective & policy

The Sytske Foundation dedicates itself to generating funds so that the innovative implantable DiaLin insulin pump can be produced as quickly as possible and implanted in type 1 diabetes patients. The primary goal is that people with type 1 diabetes who are equipped with an internal Medtronic insulin pump will receive the new DiaLin insulin pump in time. This pump can eventually be linked to a sensor for optimal blood sugar regulation and can give thousands of other people with type 1 diabetes more quality of life.

Board

Marquette Schaap-Warmink, chairperson
